

**TITLE 16 VETERINARY MEDICAL BOARD
DEPARTMENT OF CONSUMER AFFAIRS**

SUPPLEMENT TO THE FINDING OF EMERGENCY

In addition to the originally approved emergency regulations, a new fee was subsequently approved by the Veterinary Medical Board (Board) on April 23, 2020, which would add subsection (f) under Section 2071 for an application fee associated with the approval of schools and institutions offering a curriculum for training Registered Veterinary Technicians.

This new fee is being withdrawn from the Board's Re-Adoption of Emergency Regulations package, as it does not specifically pertain to the Board's original emergency regulations. The new fee is included in the Board's related Certificate of Compliance rulemaking package published on September 25, 2020.
