Dear Mr. Sanchez,

This letter is a request for consideration for a position on the Veterinary Diversion Committee. In a conversation with Stephanie Trumm, she informed me that the position I vacated in 2008 had not been refilled, and she requested that I consider applying as I was an asset to the committee. If there is a position available, I am interested in participating again.

Sincerely,

Jodi Van Tine, DVM, MA, CVA, CVCHM
