Veterinary Medical Board Strategic Plan Objective Tracker 2020-2024

Goal 1: Enforcement					
1.1	consumer protection, and lower costs.				
Success Measure:	I Decrease in average case cost and cycle time over the brior tiscal year				
Objectives/Tasks Target Current Completion Status					
	Evaluate the intake processes and eliminate duplicative processes.	Q1 2020	Completed		
1.1.1	 1/2020: Management shadowed the intake team to review the intake process and reveal unnecessary tasks. 1/2020: Intake no longer utilizes a case tracking log, as the case information can be found in BreEZe and the analyst will be looking at BreEZe when they investigate the case. 1/2020: Paper files are no longer being actively utilized for cases in electronic format as it is costly to produce/store and can be lost. 1/2020: All electronic case information is uploaded into BreEZe and is mirrored on the shared drive. 1/2020: Intake checks new complaints to determine whether the subject has a case at the AG's office and informs the assigned analyst if this occurs. 1/2023: Began holding monthly intake meetings to discuss processes and determine areas where 				
	greater efficiencies can be achieved. Examine and improve the Expert Witness review process.	Q1 2020	Completed Ongoing		
1.1.2	 1/2020: The Multidisciplinary Committee, AG's office, and Board staff had multiple meetings to review the current Expert Witness process for inefficiencies. 1/2020: The Expert Witness guidelines were rewritten (as they were simply a copy of the Medical Board's guidelines) and tailored to relate to veterinary-specific examples and processes. 1/2020: Experts need to opine on the standard of care and whether there was a deviation from said standard, rather than providing a specific section of law, as that should be left to the AG's office. 1/2020: A veterinary-specific standard of care case review was drafted and included in the guidelines based on the new format. 1/2020: It was announced that Board experts will attend the Medical Board's expert witness training, as some have in the past to ensure understanding of the administrative process. 3/2022: The Board held a veterinary-specific training for its experts to clarify the review process and field expert questions. 				
1.1.3	 12/2022: Quarterly expert trainings planned. Streamline the AG transmittal process for disciplinary cases. Q1 2020 Completed 1/2020: Analysts no longer transmit cases to the Attorney General's (AG's) office without obtaining mitigation first. Prior to this change, the assigned Deputy Attorney General would perform this step, which incurs a greater cost. Failure to obtain mitigation prior to transmittal could also hinder our ability to properly assess the strength of a case. 1/2020: Analysts began utilizing the DCA cloud drive to transmit materials to the AG's office, providing a fast, secure method to send case documents. 1/2020: Communication between Board staff and the AG's office has increased and transmittals are marked as "expedite" due to the age of the cases. 				
	Improve field investigation efficiency.	Q1 2020	Completed		
1.1.4	 1/2020: Management met with Division of Investigation (DOI) material field investigations and communicate expectations. 1/2020: Field investigations which were determined to be unnectfor completion. 1/2020: Analyst have been trained to only utilize the DOI when a safety issue is involved. This usage reduction poses a significant. 	essary were returr an undercover, witr	ned to the Board		

i	1/2020: VMB shifted field efforts previously serviced through DC	I to the Board's Inc	spection Unit
	This change saves the Board money, as an Inspector is significated when necessary (as noted above).		
	Work with OIO to outline Enforcement processes.	Q1 2021	Completed
1.1.5	3/2021: Received enforcement tables from OIO to map processed.	es	
1.1.5	3/2021 - 6/2021: Enforcement managers met with OIO staff to co		naps
	6/2021: Final version process maps sent to Board from OIO		
	Examine and improve the complaints audit review committee	Q3 2020	Completed
	process.	Q3 2020	Completed
	3/2020: The Complaint Audit Subcommittee (Subcommittee) me		
	that reviewing cases that were several years old was not useful		
	9/2020: As a result of the above conclusion, the Subcommittee to		
	been finalized for 30 days, permitting the Board to provide feedb	pack and implemen	nt potential
	changes much more quickly.		
	12/2020: The Subcommittee is now provided with a variety of ca		involving an
	expert witness, giving them a better picture of enforcement as a		af 4h a
	12/2020: The Subcommittee is now given with timeframes and conferement process, which holes to identify bettlenecks and up an arrangement process.		oi the
1.1.6	enforcement process, which helps to identify bottlenecks and un		ud convice
1.1.0	12/2020: The Subcommittee is able to access cases for review veliminating the need for them to visit the Board in-person.	via li le Duai û S Cloi	uu sei vice,
	 12/2020: The Subcommittee completes a survey regarding the f 	indings of their cas	se reviews the
	results of which are communicated to the appropriate parties (Bo		
	witness, DAG, etc.).	Jana Staniinianiagoi	oxport
	 12/2021: The Subcommittee has paused its review of finalized of 	ases until the Boa	rd is able to send
	them cases that reflect the new processes put in place.		
	12/2021: The Subcommittee shifted its focus to work with Board	staff to implement	a training for
	expert witnesses, examine current expert resources, review exp		
	witness sample scenarios.	. ,	
	3/2022: The Subcommittee conducted a veterinary-specific train	ing for Board expe	erts.
	12/2023: Quarterly expert trainings planned.	<u> </u>	
	Meeting with Enforcement teams from other Boards to identify	Q2 2021	Completed
	best practices.		Ongoing
	2/2020: The Board's Single Point of Contact began attending the	e BreEZe Enforcer	nent User Group
	meetings to discuss the practices of other boards.
