

## MEMORANDUM

<b>Date</b>	July 2, 2025
<b>To</b>	California Veterinary Medical Board (Board)
<b>From</b>	Matt McKinney, Deputy Executive Officer
<b>Subject</b>	<b>Agenda Item 17.E. Strategic Plan</b>

### **Background**

The Board's 2024-2028 Strategic Plan includes 41 objectives within five individual goal areas, broken down as follows:

1. **Customer Service:** 4 Objectives
2. **Licensing & Examinations:** 3 Objectives
3. **Enforcement:** 7 Objectives
4. **Legislation & Regulations:** 19 Objectives
5. **Outreach:** 8 Objectives

After the Board adopted the Strategic Plan, staff, along with DCA's Strategic Organizational Leadership and Individual Development Planning Solutions unit created an Action Plan that identified 191 tasks to be completed within the four-year period. The attached Strategic Plan Objective Tracker outlines the Board's progress in completing the Board's 2024-2028 Strategic Plan.

As of June 20, 2025, 59% of the Objectives and 77% of the Tasks have been completed. Board staff prioritizes completing Objectives and Tasks by the Target Completion dates in the Strategic Plan Objective Tracker.

Since the last update, two of the Objectives' (2.3.1 and 3.4.5) target completion dates have been revised due to circumstances outside of the Board's control, such as the availability of another office or agency. The revised target completion dates are identified with dates in red text.

<b>Goal 2: Licensing &amp; Examinations</b>			
<b>2.1</b>	<b>Streamline the hard card fingerprint process of background checks to decrease processing times for out-of-state applicants.</b>		
<b>Success Measure:</b>	<b>Hard card fingerprint process streamlined.</b>		
<b>Objectives/Tasks</b>		<b>Target Completion</b>	<b>Current Status</b>
2.1.1	Research ways to streamline the hard card process.	Q4 2024	Complete
	• 10/2024: EO met with DCA Director, Chief Information Officer, and Department of Justice (DOJ) to discuss the following streamlined processes: accepting alternative methods for obtaining hard cards (printing directly from Board websites, purchasing from Amazon, mail pre-printed hard cards) and allowing licensees to send completed hard cards directly to the DOJ. DOJ is researching the feasibility of these requests and will update DCA.		
2.1.2	Work with other state boards to find ways to streamline the licensure process with out-of-state licensees.	Q4 2024	Completed Ongoing
	• State veterinary boards now meet on a quarterly basis to, among other things, discuss and address bottlenecks in the out-of-state licensure process. • State veterinary boards now use an online verification spreadsheet to quickly identify those states who utilize online verification systems, like DCA's license search page, for license verifications. For those who don't, the spreadsheet identifies the point of contact for those verifications. • State veterinary boards also use AAVSB's online verification system, when applicable.		
2.1.3	Collaborate with DCA Executive Office.	Q4 2024	Completed Ongoing
	• 10/2024: EO met with DCA Director, Chief Information Officer, and Department of Justice (DOJ) to discuss streamlined processes. EO will continue to collaborate with DCA Executive Office.		
2.1.4	Create streamlined hard card instructions for out-of-state applicants.	Q3 2025	In Progress
	• 4/2025: DCA is working with DOJ to develop the instructions for out of state applicants. The goal is for applicants to have the option to have a hard card mailed to them, print one out on card stock, or purchase a hard card from a fingerprint vendor or Amazon. Allowing applicants other options could streamline the process by a number of weeks.		
2.1.5	Collaborate with OIS.	Q4 2024	Completed Ongoing

	<ul style="list-style-type: none"> <li>10/2024: EO met with DCA Director, Chief Information Officer, and Department of Justice (DOJ) to discuss streamlined processes. EO will continue to collaborate with DCA Executive Office.</li> </ul>		
2.1.6	Establish process in BreEZe to streamline hard cards.	Q3 2025	In Progress
	<ul style="list-style-type: none"> <li>4/2025: OIS is working on solutions to streamline the process through BreEZe for hard cards and livescan services.</li> </ul>		
<b>2.2</b>	<b>Pursue ways for Registered Veterinary Technician (RVT) candidates to take the national examination prior to graduation to address RVT shortages and decrease application processing times.</b>		
<b>Success Measure:</b>	<b>New ways established.</b>		
<b>Objectives/Tasks</b>		<b>Target Completion</b>	<b>Current Status</b>

2.2.2	Collaborate with AAVSB.	Q1 2024	Completed
2.2.3	Submitted formal request to revise their approval criteria for the national exam.	Q1 2024	Completed
2.2.4	Attend AAVSB board of director meetings.	Q1 2024	Completed
<b>2.3</b>	<b>Identify ways the exam can better assess licensee applicants' communication skills to better prepare them for interacting with consumers.</b>		
<b>Success Measure:</b>	<b>New assessment method created.</b>		
<b>Objectives/Tasks</b>		<b>Target Completion</b>	<b>Current Status</b>
2.3.1	Partner with ICVA to identify ways to better assess communication skills of licensee candidates.	Q2 2026	In Progress
	<ul style="list-style-type: none"> <li>3/2025: Emailed ICVA to set up meeting to discuss options with National Examinations Subcommittee.</li> <li>4/2025: ICVA created a Communication Skills Assessment Task Force. The mandate of the Task Force is to review communication skills assessment practices across the health professions, not just at the licensure (NAVLE) level. This group performed a systematic review identifying communication skills assessment methods used across the health professions (currently in review for publication). The primary finding was that there needs to be a clear definition of communication skills and the components that can be assessed. To that end, ICVA is building a communication skills blueprint that</li> </ul>		

	can be used by veterinary medicine to guide the selection and use of assessment methods. The first step in this blueprinting process will commence in June.		
Goal 3: Enforcement			
3.1	Implement automatic complaint status updates to increase communication with complainants and respondents throughout the complaint process.		
Success Measure:	Automatic complaint status implemented.		
Objectives/Tasks		Target Completion	Current Status
3.1.1	Research what MBC did to implement an automatic complaint status.	Q1 2025	Completed
	<ul style="list-style-type: none"><li>2/2025: MBC is planning to leverage the Courtesy Email Notification (CEN) Interface to sending automated email messages to patients and their authorized representatives when certain activity code events are added to a complaint in BreZE. Which specific activity code events will trigger these automated email messages have not yet been finalized but MBC is analyzing the critical milestones to notify users that information will be available in our Complaint Tracking System in development. Since emails themselves are not considered secure, the automated email message will be more of a notice to check the Complaint Tracking System for the actual update. The content that can be included in the email hasn't been fully vetted by legal but they expect it to be fairly basic with the confidential information being provided through the secure Complaint Tracking System portal.</li></ul>
